

Medical Negligence

Healthcare in the UK

The UK benefits from one of the best healthcare systems in the world. GPs, dentists, nurses, paramedics and other professionals help to keep the population as fit and healthy as possible in clean, sterile and well-equipped facilities. However, things can still go wrong, and if this happens to you we might be able to help make a compensation claim.

We cover NHS and private healthcare

If you have been a victim of a medical accident, in the NHS or privately, and that accident is due to incompetent care or lack of judgement by a healthcare professional, it may be possible to bring a claim for medical negligence compensation. Medical negligence claims can be difficult to prove, so it is vital that you contact us as soon as possible.

How compensation can help

Claiming compensation is often a logical and justified course of action. Financial recompense can help to make ends meet, going an especially long way when your illness also affects other aspects of your daily routine, such as domestic living and your social life.

Banner Jones doesn't have claims managers; instead, every customer gets to speak to a solicitor that specialises in the area. Our team has over 45 years' experience with high value personal injury claims, so you're in safe hands from the start.

When can I claim for compensation?

Some of the areas we can seek claims against are:

- GP negligence
- Accident and Emergency
- Anaesthetic errors
- Nerve injuries
- Hospital negligence
- Birth injuries
- Amputation errors
- Pressure sores
- Surgery errors
- Care home neglect

Our team of legal specialists will assess your situation and ascertain whether a claim can be raised. If your injuries have led to physical incapacity, we will also help to arrange rehabilitation support to get you back on your feet.

The first part is free

Through an initial free assessment of your case at our Accident Claim Centre on Glumangate in Chesterfield, we can suggest the best course of action and its likely timescale. No need to make an appointment – just pop in! If required, we can even arrange home visits during the consultation process, helping everything to run as smoothly as possible.

No win, no fee

In most cases we will pursue compensation claims on a "no win, no fee" basis. However, we will consider all possible methods of funding, including legal expenses insurance, trade union funding and private fee agreements.
